

R-IOM0008R-RE EVO

PoE Relay Module, 8-ch

Technical Specification

Power supply	PoE port, DC 5.5*2.1 power port, or Screw terminal (7~36V)
Isolation	Optocoupler isolation, Reverse-proof circuit
Communication interface	PoE port, IEEE 802.3af compliant
Relay channels	8
Contact form	NO / NC
Contact rating	≤10A 250VAC/30VDC
Protocol	Modbus RTU Protocol or Modbus TCP Protocol, MQTT, Http
LED indicators	RUN: Ethernet port indicator, blinking in 2-second cycles when Ethernet port normally working STA: MCU indicator, blinking when the MCU normally working TXD: TX indicator, lights up when sending data RXD: RX indicator, lights up when receiving data
Dimensions	145 x 90 x 40 mm
Installation	DIN
Weight	0,25 kg
